NEW YORK CITY, Oct. 7.-Through ain, mist and mud, on a day as bedraggled as the Yankees and their waning hope, the triumphant Giants today moved to within one last stride of the Kingdom they conquered and

captured just a year ago.

The hard-fighting, aggressive
Giants bagged their third victory by
the count of 4 to 3, as 37,000 fans,
pelted by the gray October rain, and pelted by the gray October rain, and the beaten Yankees, attempt to play a ball game exclusively with their mud-coated feet just as if the human hand had never been invented for any purpose beyond a pennant. The Yankees, by wild, carless and headless baserunning, tossed off at least three tailies in a battle they might have won with ease if they had not insisted upon doing most of their thinking with their lagging and bewildered feet.

Giants with three victorious assaults and only one needed for the crown, the plaintive bleating of Yankee goats ould be heard from far away, the nournful requiem of fading Yankee opes, now darker than the heavy sky beneath which they once more fell. Meusel Prize Goat.

The parade of newly-formed goats was headed by Bob Meusel, who refused to run out an infield tap in the seventh inning, where Groh threw low and Kelly fumbled. That cost a tally, in the wake of Ward's ensutally, in the wake of Ward's ensuing home run into the left field stands.

The wild, headless, base running of Dugan, Pipp and Schang cost other runs and helped to build up the runinating flock with the dazed and astonished Babe Ruth bringing up in the rear, once the victim of shrewd pitching that came near cracking his mighty spine.

A Smarter Club.

The Yankees were outfought and the Yankees were outthought by a better, smarter ball club; but for all that it required a new turn of lopsided ve satility to throw away the game. Nothing short of sheer drive on Smyrna was under discussion at a White House conference called by President Harding yester-day.

TEXT OF PRESIDENT'S LETTER DELAYING DRY SHIP RULE

Instructs Secretary Mellon to Begin Full Enforcement October 14.

The President's letter to Secretary Mellon concerning liquor on vessels follows:

"My Dear Mr. Secretary:

"Supplementing my letter of instruction of October 6, relating to the enforcement of the Eighteenth amendment and the prohibition enforcement act as applied to carriers at sea, you will please direct United States customs officials to give notice to all shipping lines that, pending the formulation of regulations, the enforcement of the prohibition of transportation and ship stores will not be practicable in the case of foreign vessels leaving their home ports or American vessels leaving foreign ports on or before October 14, 1922. Any earlier attempt at enforcement in the absence of due notice and ample regulations would be inconsistent with just dealing and have a tendency to disrupt needlessly the ways of commerce.

"This delay in full enforcement does not apply to the sale of intoxicating liquors on vessels sailing under the American flag. "Very truly yours

President Harding last night ordered a temporary delay in the full enforcement of the Daugherty ruling against transportation of intexicating liquors aboard American and
